## STARTLES THE SLAVS

LATEST NEWS FROM THE FRONT NOT AT ALL REASSURING TO THE RUSSIANS.

### MUST ABANDON PROVINCES

LINEVITCH'S ARMY MAY BE UNABLE TO HOLD THE AMUR FROM THE JAPS.

St. Petersburg, March 24.—The possibility that if the Russian army should be unable to hold the lower line of the Sungari river at Chunchiat-su, it may be compelled to retreat not only to Harbin, but also farther westward along the railroad, abandoning to the Japanese northern Manchuria and the Russian maritime Amur provinces as well, is the latest startling news from the front.

The strategic weakness of General Linevitch's position as he falls back northward is made clear by a Gunshu dispatch to the Associated Press in which it is pointed out that unless Chunchiat-su and the Sungari lines, a scant 100 miles below Harbin, can be held it will be difficult to maintain a position farther back before Harbin, where, with the front of the army paralleling the railway, the practicability of a turning movement to completely sever communications and isolate the army 6,000 miles from home is too serious for Russian consideration.

In view of this possibility the dispatch alluded to suggests the advisability of immediately providing Vladivostok with war munitions and supplies for a two years' siege. The correspondent estimates the number of reinforcements needed to give General Linevitch the requisite superiority in force at least 200,000.

That such a dispatch should have been permitted to pass the censor at the front is significant and if General Linevitch has communicated a similar estimate of the situation direct to Emperor Nicholas, it may account for his majesty's increased disposition to listen to peace counsels and open negotiations before the Japanese establish themselves on Russian soil.

#### Russia at Japan's Mercy.

With Manchuria entirely abandoned to the Japanese and Vladivostok as Russia's solitary sentinel on the Pacific it is realized that Russia will be practically at Japan's mercy in the matter of peace terms. It can now be definitely stated that the decision to appoint Grand Duke Nicholas Nicholas to the supreme command in the far East was reconsidered, because the outlook at the front does not warrant the risk of compromising the prestige of a member of the imperial family.

Military authorities here believe that unless General Linevitch is sure of his ability to hold the lower Sungari line, he will risk his whole army if he fortifies and concentrates there, as if he should be defeated his line of retreat lies to two sides of a triangle, the third side of which is open to the enemy's advance.

At the general staff the view that General Linevitch may be compelled to abandon Harbin and retire toward Lake Baikal, leaving Vladivostok to its fate, is regarded as almost unwarranted by anything that is officially known there, it being pointed out that Field Marshal Oyama will have a long and laborious task to bring up an army of 200,000 or 400,000 men.

Meanwhile Russian reinforcements are arriving at Harbin at the rate of 1,200 men per day. Nevertheless it is significant there is now a well marked peace party at the war office.

### JAPANESE TURNING MOVEMENT.

Reported Under Way on Both Flanks of Russian Army.

Gunshu Pass, March 24.—Reports persist of Japanese turning movements on both flanks of the Russian army. Chinese state that the Japanese have recruited many Chinese bandits and that probably they are now able to count a superiority in cavalry as well as in infantry.

General Linevitch, the new commander-in-chief of the army, during the day received the members of his staff.

The branch of the Russo-Chinese bank has removed from Kirin to Harbin after an attack on the bank office, in which two of the guards were wounded with cobblestones.

Captured Japanese report a terrible array in the streets of Mukden on March 10 when a big detachment of Russians, the last to leave the city, were entrapped by Chinese bandits and a few Japanese soldiers, who closed the city gates and blocked the narrow streets. According to the report, which is not confirmed, not a Russian escaped.

Field Marshal Oyama has communicated to General Linevitch the news that the entire Russian medical staff

which remained in Mukden after the evacuation is uninjured and well.

### ARRAIGNS RUSSIANS AT HOME.

War Correspondent Comments Bitterly on Their Actions.

St. Petersburg, March 24.—The Novoe Vremya publishes a remarkable dispatch from a correspondent in the field, who, with the bitter taste of defeat still on his palate, discusses the causes of Russian reverses and contrasts the spirit with which Russia and Japan are conducting the war and, with sorrow and disheartenment, arraigns the elements in Russia who are nourishing their propaganda on defeats in the far East, "scattering in the very hour of defeat," according to the correspondent, "broadcast among the heartsick, retreating soldiers, proclamations urging them to cease fighting and surrender." The dispatch continues:

"Not even the enemy has sent us such proclamations, but has confined himself to throwing into our lines telegrams from foreign agencies about disorders in Russia. Put yourself in the place of the soldiers and officers who, returning from Mukden fatigued and heart sore from want of success, have received from the distant home proclamations with advice of that tenor."

The correspondent pictures the patriotism, devotion and passionate longing for victory of the Japanese, and, continuing, says: "On the other side is a nation where part of the people misunderstand the meaning of this war or are even inimical, taking advantage of distressing times to attain more liberty. The need of greater liberty is undoubted; but is it not possible to press the campaign after the war? The country is entirely occupied with internal affairs and disorders, turning its attention to the army only occasionally and after an unsuccessful operation, and then only to pour a flood of discouragement or abuse or to send as a palliative to the retreating forces a heap of revolutionary proclamations."

In concluding, the correspondent pleads for a few words of encouragement and acknowledgement that the 90,000 who fell around Mukden are a not unappreciated sacrifice, so that others in dying may bless the fatherland for which they fall.

### OUTBREAK IN PERSIA

AROUSES THE GRAVEST MISGIVINGS AMONG RUSSIANS AT ST. PETERSBURG.

St. Petersburg, March 24.—The outbreak of an anti-foreign movement in Northern Persia, briefly reported in recent telegrams from Meshed, arouses the gravest misgivings. Everyone sees a connection between the attacks on Russian subjects in Persia and Russian defeats in Manchuria.

A general uprising of Asiatic tribes under Russian rule is apprehended. The news from Persia evokes renewed speculation regarding the real cause of the Baku massacre and other collisions between Persians and Armenians. It is now believed that the massacres are traceable to the same cause which produced the outrages at Meshed, where Armenians are regarded as Russians. The shah evidently realizes the strength of the present anti-foreign movement, but is powerless to check it. Russia is thus destined to reap the fruits of promoting weak government in Persia.

### ONE GLEAM OF SUNSHINE.

Conclusion of Internal Loan Brightens Gloomy Situation in Russia.

St. Petersburg, March 24.—The successful conclusion of the internal loan of \$100,000,000 at the emission price of 96 comes as a gleam of sunshine in an otherwise clouded situation. Of this amount the government savings bank takes one-fourth and private banks and an underwriting syndicate the remainder.

A preliminary contract was signed Thursday with a number of Russian banks for the issue of \$75,000,000 of the internal loan of \$100,000,000. The bonds bear interest at the rate of 5 per cent per annum and are redeemable in fifty years. The issue prices is 96.

The internal situation in Russia is a source of continued apprehension. In the south of Russia workmen and peasants already are joining hands and from the Caucasus, Poland and other quarters encounters between discontented workers and the police with fatal consequences are reported.

### New Japanese Loan.

London, March 24.—According to newspaper statements here the new Japanese loan will be issued at 90 and will run twenty years with the option to Japan of redemption at par at the end of five years.

### Women Ordered to Leave Vladivostok.

St. Petersburg, March 24.—It is announced here that all the women have been ordered to leave Vladivostok.

## PREPARE FOR REVOLT

FOLLOWERS OF JIMINEZ ARE ADVISED TO GET READY FOR WAR IN DOMINGO.

### SITUATION IS VERY CRITICAL

BELGIAN MINISTER HAS FILED DEMAND FOR PROMPT PAYMENT OF CLAIMS.

San Domingo, March 24.—It is rumored that at a meeting of the Jiminez party it was resolved to telegraph to the followers of the former aspirant to the presidency at Monte Christi to prepare for a struggle. The government is taking precautions to meet coming events.

The situation, although at present quiet, is critical. The Belgian minister has filed a strong protest at delay in consideration of his government's financial claims, and a demand for prompt action by Santo Domingo in the matter. The minister will leave here soon for Havana.

### EACH ONE FOR ITSELF.

European Powers May Decide to Press Claims Against Santo Domingo.

Washington, March 24.—In the absence of the Belgian minister, Baron von Moncheur, nothing is known at the Belgian legation regarding the reference of President Morales in the dispatches from San Domingo to the Belgian claims which, the president says, are being pressed. Several days ago Baron Moncheur received from his government a cablegram asking if any investigation was to be made by an American commission into the Dominican situation. It is supposed that, in view of the senate's refusal to deal with the Dominican matter, the Belgian government feels it is forced to pursue its own course.

Other European powers also, while willing to await the negotiations of Secretary Hay, regard the attitude of the senate as so opposed to the proposed course of the government that they fear they will be obliged to act individually on the question.

### TROUBLE FOR GUATEMALA.

Rebels Said to Be Arming and Planning Campaign.

Mexico City, March 24.—A Mexican coasting vessel recently arrived at Muego, Lower California, carrying several empty Mauser rifle cases. The captain declared that he had passed more than 100 cases floating on the water.

It is believed that the rifles which the cases contained were furnished the forces that are now said to be planning an invasion of Guatemala. It is asserted that another war in Guatemala is probable.

Guatemalan rebels in the guise of

laborers, are congregating at various places along the Guatemalan frontiers.

The government of Salvador is reported to readiness to aid the rebels as soon as a revolution is launched.

### MYSTERY SURROUNDS DEATH.

Body of a West Virginia Woman Found Lying in a Gully.

Wheeling, W. Va., March 24.—Mystery surrounds the death of Miss Hulda Schubert, whose dead body was found lying in a gully during the day. The find was made by Frank Smith, who, it is understood, was engaged to be married to Miss Schubert. The girl was last seen alive on Monday.

The autopsy over the remains revealed the fact that one of the arteries in her neck had been ruptured, presumably while in a struggle with a murderer, whose motive was evidently robbery, as the girl's watch and chain and two rings were missing.

### OPEN WAR DECLARED.

Premier Balfour and Joseph Chamberlain at Odds.

London, March 24.—Open war has been declared between Joseph Chamberlain and Mr. Balfour over the fiscal question. Despite the attitude of Mr. Balfour and the government in refusing to sanction an effort to compel Lord Hugh Cecil to resign the parliamentary seat for Greenwich, Mr. Chamberlain has written a letter claiming that he has a majority of the Unionists with him and approving of the selection of a protectionist candidate to contest Lord Hugh Cecil's seat at the next general election.

### CLIMAX OF THE ENTHUSIASM.

Cuban Veterans Banquet American Officers in Havana.

Havana, March 24.—The climax of the enthusiasm over the visit of the American squadron was reached during the afternoon at the luncheon in the National theater to the American officers by veterans of the Revolution. Forty naval officers and nearly 200 leading Cuban veterans were seated.

General Gomez earnestly eulogized America's sacrifices on behalf of Cuba. He said Cubans were proud of the opportunity to honor representatives of the United States navy, army and government, and would not forget their obligations to the great republic whose sons had made possible all that Cuba had accomplished. Other Cubans spoke in a similar strain and the responses by the American officers aroused much enthusiasm.

### SEVEN PERSONS INJURED.

Two of Them Will Die as the Result of an Accident.

Bellaire, O., March 24.—Two women, Mrs. Shene Bell and Mrs. John Morris, will die and five others are severely injured as the result of a runaway during the day. Mrs. Bell and Mrs. Morris were in a carriage driven by Jacob Duke, returning from a funeral. The horses became frightened at a train and dashed into a carriage containing the other injured, driven by Robert Brown. The wheels caught and Duke's carriage was thrown over a thirty-foot embankment.

### PASSENGER TRAIN WRECKED.

Engineer Killed and Passengers Badly Shaken Up.

Spokane, Wash., March 24.—Great Northern westbound passenger train No. 1 was wrecked during the day by a rock slide near Kataha, Ida. Engineer Owen Jones of Hillyard was killed. The engine plunged into the Kootenai river. The baggage and mail cars were smashed and caught fire. The passengers were badly shaken up, but none was seriously injured.

### Negro Murderer Electrocuted.

Columbus, O., March 24.—Herman Hamilton, a negro, convicted of the murder of Lee Culver, a foreman in the Norfolk and Western railroad yards at Portsmouth, O., on May 26, 1904, was electrocuted in the annex at the Ohio penitentiary a few minutes past midnight. Hamilton met death calmly.

### Woman Commits Suicide.

St. Paul, March 24.—While her husband and children were asleep Mrs. Jennie Drew, forty years, living at 1899 St. Anthony avenue, crept down the stairs into the cellar and hanged herself from a rafter. Mrs. Drew had been suffering from melancholia for some time and had become a nervous wreck.

St. Petersburg, March 24.—The successful conclusion of the internal loan of \$100,000,000 at the emission price of 96 cents as a gleam of sunshine in an otherwise clouded situation. Of this amount the government savings bank takes one-fourth and private banks and an underwriting syndicate the remainder.

A preliminary contract was signed Thursday with a number of Russian banks for the issue of \$75,000,000 of the internal loan of \$100,000,000. The bonds bear interest at the rate of 5 per cent per annum and are redeemable in fifty years. The issue prices is 96.

The internal situation in Russia is a source of continued apprehension. In the south of Russia workmen and peasants already are joining hands and from the Caucasus, Poland and other quarters encounters between discontented workers and the police with fatal consequences are reported.

## PREPARE FOR REVOLT

FOLLOWERS OF JIMINEZ ARE ADVISED TO GET READY FOR WAR IN DOMINGO.

### SITUATION IS VERY CRITICAL

BELGIAN MINISTER HAS FILED DEMAND FOR PROMPT PAYMENT OF CLAIMS.

### OPEN WAR DECLARED.

Premier Balfour and Joseph Chamberlain at Outs.

London, March 24.—Open war has been declared between Joseph Chamberlain and Mr. Balfour over the fiscal question. Despite the attitude of Mr. Balfour and the government in refusing to sanction an effort to compel Lord Hugh Cecil to resign the parliamentary seat for Greenwich, Mr. Chamberlain has written a letter claiming that he has a majority of the Unionists with him and approving of the selection of a protectionist candidate to contest Lord Hugh Cecil's seat at the next general election.

### EACH ONE FOR ITSELF.

European Powers May Decide to Press Claims Against Santo Domingo.

Washington, March 24.—In the absence of the Belgian minister, Baron von Moncheur, nothing is known at the Belgian legation regarding the reference of President Morales to the dispatches from Santo Domingo to the Belgian claims which, the president says, are being pressed. Several days ago Baron Moncheur received from his government a cablegram asking if any investigation was to be made by an American commission into the Dominican situation. It is supposed that, in view of the senate's refusal to deal with the Dominican matter, the Belgian government feels it is forced to pursue its own course.

Other European powers also, while willing to await the negotiations of Secretary Hay, regard the attitude of the senate as so opposed to the proposed course of the government that they fear they will be obliged to act individually on the question.

### TROUBLE FOR GUATEMALA.

Rebels Said to Be Arming and Planning Campaign.

Mexico City, March 24.—A Mexican coasting vessel recently arrived at Muege, Lower California, carrying several empty Mauser rifle cases. The captain declared that he had passed more than 100 cases floating on the water.

It is believed that the rifles which the cases contained were furnished the forces that are now said to be planning an invasion of Guatemala. It is asserted that another war in Guatemala is probable.

Guatemalan rebels in the guise of

laborers, are congregating at various places along the Guatemalan frontiers.

The government of Salvador is reported to readiness to aid the rebels as soon as a revolution is launched.

### MYSTERY SURROUNDS DEATH.

Body of a West Virginia Woman Found Lying in a Gully.

Wheeling, W. Va., March 24.—Mystery surrounds the death of Miss Hulda Schubert, whose dead body was found lying in a gully during the day. The find was made by Frank Smith, who, it is understood, was engaged to be married to Miss Schubert. The girl was last seen alive on Monday.

The autopsy over the remains revealed the fact that one of the arteries in her neck had been ruptured, presumably while in a struggle with a murderer, whose motive was evidently robbery, as the girl's watch and chain and two rings were missing.

### CLIMAX OF THE ENTHUSIASM.

Cuban Veterans Banquet American Officers in Havana.

Havana, March 24.—The climax of the enthusiasm over the visit of the American squadron was reached during the afternoon at the luncheon in the National theater to the American officers by veterans of the Revolution. Forty naval officers and nearly 200 leading Cuban veterans were seated. General Gomez earnestly eulogized America's sacrifices on behalf of Cuba. He said Cubans were proud of the opportunity to honor representatives of the United States navy, army and government, and would not forget their obligations to the great republic whose sons had made possible all that Cuba had accomplished. Other Cubans spoke in a similar strain and the responses by the American officers aroused much enthusiasm.

### SEVEN PERSONS INJURED.

Two of Them Will Die as the Result of an Accident.

Bellaire, O., March 24.—Two women, Mrs. Shane Bell and Mrs. John Morris, will die and five others are severely injured as the result of a runaway during the day. Mrs. Bell and Mrs. Morris were in a carriage driven by Jacob Duke, returning from a funeral. The horses became frightened at a train and dashed into a carriage containing the other injured, driven by Robert Brown. The wheels caught and Duke's carriage was thrown over a thirty-foot embankment.

### PASSENGER TRAIN WRECKED.

Engineer Killed and Passengers Badly Shaken Up.

Spokane, Wash., March 24.—Great Northern westbound passenger train No. 1 was wrecked during the day by a rock slide near Kataka, Ida. Engineer Owen Jones of Hillyard was killed. The engine plunged into the Kootenai river. The baggage and mail cars were smashed and caught fire. The passengers were badly shaken up, but none was seriously injured.

### Negro Murderer Electrocuted.

Columbus, O., March 24.—Herman Hamilton, a negro, convicted of the murder of Lee Culver, a foreman in the Norfolk and Western railroad yards at Portsmouth, O., on May 26, 1904, was electrocuted in the annex at the Ohio penitentiary a few minutes past midnight. Hamilton met death calmly.

### Woman Commits Suicide.

St. Paul, March 24.—While her husband and children were asleep Mrs. Jennie Drew, forty years, living at 1899 St. Anthony avenue, crept down the stairs into the cellar and hanged herself from a rafter. Mrs. Drew had been suffering from melancholia for some time and had become a nervous wreck.

### Weather

Forecast—Generally fair and warmer. Temperature (Record kept by Dr. J. L. Camp for 24 hours ending at 3 o'clock this afternoon)—Maximum 54 above zero; minimum 35 above zero.

The county of Clearwater will not erect new county buildings this year the proposition to issue \$15,000 court house bonds having been defeated by a vote of 357 to 700.

Mrs. Chadwick has at last signified her intention to help matters along and says she will go on the witness stand and tell all she knows in regard to her "frenzied finance" movements.

An agitation for cheaper rates on cord wood has been commenced in the northern counties where hundreds of thousands of cords of wood is annually going to waste owing to the fact that it costs so much for transportation to market that the business can not be made profitable. An effort will be made by the people of Beltrami and Itasca counties to induce the M. & I. to reduce their freight charges to a point where the industry can be handled. The settlers are deriving but little benefit from their great wealth of timber which under other conditions would give employment to hundreds of people and would also be a source of revenue to the railroad companies and to the owners of the stumpage, to say nothing of the effect it would have on settling up the country.

## Women Who Force Themselves to Work

Women Who Suffer from All Manner of Uterine and Ovarian Troubles, Weak, Nervous, Bloodless Melancholy Women Find a Positive Cure in

### DR. A. W. CHASE'S NERVE PILLS

Every day sees an army of worn out women dragging themselves to work or forcing themselves to attend to their household duties—women whose trouble lies in an overstrain or over-exertion at some time in the past—women who stay in this condition and think themselves beyond repair, because they know nothing of the wonderful power of Dr. A. W. Chase's Nerve Pills to give them back their health, strength and vitality, by their ability to re-supply the lost nerve energy, to build up the system, to manufacture good, rich blood, and give increased weight by making the digestion strong and vigorous.

Mrs. Ella Smith, of No. 48 Miller St., Newark, N. Y., writes:

"Last summer I was so weak I staggered when I walked. I was very nervous, easily excited, could not rest nights, blood thin, appetite poor, and hands trembled—I was in a low state of health. About this time I got a box of Dr. A. W. Chase's Nerve Pills and though everything else had failed, these pills put me on my feet in good health, and that quickly, too. It was not long before I was eating and sleeping well—the nervousness and trembling gone—the blood rich and my strength back. They are a grand medicine and I feel vigorous and strong in every way." 50c a box at dealers or Dr. A. W. Chase Medicine Company, Buffalo, N. Y. Portrait and signature of A. W. Chase, M. ### The Raincoat of Today.

Once it was an oilskin, shapeless and bulky, worn by seafarers and men whose vocations brought them in daily contact with the elements. Later on it was a sheet of rubber, heavy, stiff and unwieldy, bearing iron riveted buttons and little better than a horse blanket.

Today it is a stylish, soft, shapely garment as graceful as any article in a man's wardrobe and the most useful garment he can possess. It has taste, refinement and character—it is porous and admits the air, yet nothing short of pressure can force the dampness through it.

Such is the evolution of the raincoat. Such is the watershed of The House of Kuppenheimer.

I have this coat in many styles. This is the weather for it.

### Weather

Forecast—Generally fair and warmer.  
Temperature (Record kept by Dr. J. C. Camp for 24 hours ending at 3 o'clock this afternoon)—Maximum 54 above zero; minimum 35 above zero.

THE county of Clearwater will not erect new county buildings this year the proposition to issue \$15,000 court house bonds having been defeated by a vote of 357 to 700.

Mrs. CHADWICK has at last signified her intention to help matters along and says she will go on the witness stand and tell all she knows in regard to her "frenzied finance" movements.

An agitation for cheaper rates on cord wood has been commenced in the northern counties where hundreds of thousands of cords of wood is annually going to waste owing to the fact that it costs so much for transportation to market that the business can not be made profitable. An effort will be made by the people of Beltrami and Itasca counties to induce the M. & I. to reduce their freight charges to a point where the industry can be handled. The settlers are deriving but little benefit from their great wealth of timber which under other conditions would give employment to hundreds of people and would also be a source of revenue to the railroad companies and to the owners of the stumpage, to say nothing of the effect it would have on settling up the country.

### Women Who Force Themselves to Work

Women Who Suffer from All Manner of Uterine and Ovarian Troubles, Weak, Nervous, Bloodless Melancholy Women Find a Positive Cure in

#### DR. A. W. CHASE'S NERVE PILLS

Every day sees an army of worn out women dragging themselves to work or forcing themselves to attend to their household duties—women whose troubles lie in an overstrain or over-exertion at some time in the past—women who stay in this condition and think themselves beyond repair, because they know nothing of the wonderful power of Dr. A. W. Chase's Nerve Pills to give them back their health, strength and vitality, by their ability to re-supply the lost nerve energy, to build up the system, to manufacture good, rich blood, and give increased weight by making the digestion strong and vigorous.

Mrs. Ella Smith, of No. 43 Miller St., Newark, N. Y., writes:

"Last summer I was so weak I staggered when I walked. I was very nervous, easily excited, could not rest nights, blood thin, appetite poor, and hands trembled—I was in a low state of health. About this time I got a box of Dr. A. W. Chase's Nerve Pills and though everything else had failed, these pills put me on my feet in good health, and that quickly, too. It was not long before I was eating and sleeping well—the nervousness and trembling gone—the blood rich and my strength back. They are a grand medicine and I feel vigorous and strong in every way." 50c a box at dealers or Dr. A. W. Chase Medicine Company, Buffalo, N. Y. Portrait and signature of A. W. Chase, M. ### The Raincoat of Today.

Once it was an oilskin, shapeless and bulky, worn by seafarers and men whose vocations brought them in daily contact with the elements. Later on it was a sheet of rubber, heavy, stiff and unwieldy, bearing iron riveted buttons and little better than a horse blanket.

Today it is a stylish, soft, shapely garment as graceful as any article in a man's wardrobe and the most useful garment he can possess. It has taste, refinement and character—it is porous and admits the air, yet nothing short of pressure can force the dampness through it.

Such is the evolution of the raincoat. Such is the watershed of The House of Kuppenheimer.

I have this coat in many styles. This is the weather for it.

## YOUNG CLARK IS NOT HEARD FROM

Auditors' Are Still Working on the Books but Have Nothing to Give Out

## LEFT MANY DEBTS IN BRAINERD

Shortage it is Reported Will be Something Over Two Hundred Dollars

Nothing has been heard of George Clark, the missing ticket agent of the Northern Pacific, who skipped out night before last on the midnight train, and there is little more information to be given out since yesterday afternoon. The auditors for the company are still at work on the books and it is reported there is a shortage of something over \$200.

Not only are the affairs in the ticket office in bad shape but it is understood that young Clark's absence is mourned by a large number of creditors in the city, he having contracted an indebtedness while here of from three to five hundred dollars.

Clark was bonded in the National Surety company and it is understood that a thorough search has been instituted and he is likely to be apprehended at once.

Choice, well furnished rooms with or without board at the National hotel.

## Mr. Tighe Protests.

EDITORS DISPATCH:

The hysterical and sensational article in The Dispatch about my attitude toward Mr. Frater's bill, Senate File 289, bears little relation to the true facts. I told Mr. Frater that I thought the water works company was entitled to a hearing on the bill, that it was one of the largest tax payers in Brainerd, and that it had the same right to express its opinion as to the merits of a measure which contemplated a large expenditure by the city as any other tax payer had. This may seem presumptuous to the Dispatch, but Mr. Frater, with his usual courtesy, agreed that it was fair, and at his suggestion I submitted in writing on the company's behalf, some amendments for his consideration. He has since notified me that my ideas were not agreeable to some other tax payers at Brainerd, and that he would follow their views rather than mine. His statement of this decision was made in an exceedingly pleasant way and with none of the brusqueness which the article in the Dispatch implies. There was no hint in what he said of anything hostile, or of anything more serious than a difference of opinion.

At this point the matter was dropped. The water company has not the remotest intention of opposing the enactment of Mr. Frater's bill into a law. Very probably it could not prevent it if it tried, but it will not try. On the contrary it will do all it can to co-operate with the city in solving this vexing problem. I personally have been acquainted with the people of Brainerd for more than seventeen years and have nothing but the kindest of feelings for them. They have always treated me more than squarely and I should be ungrateful beyond apology if I did not appreciate what they have done. I respectfully protest against being put, by what the Dispatch is writing, in a position which I should not take and do not propose to take.

Truly yours,  
AMROSE TIGHE.

## MORTON-MUESSEL

Former Well Known Brainerd Girl Married at St. Paul--Daughter of Engineer J. A. Morton.

The marriage of Miss Louise Catherine Morton, daughter of Mr. and Mrs. J. A. Morton, and Mr. Gustave A. Muesel took place Tuesday evening at the bride's home, Case street.

Rev. A. L. Koenke, pastor of Dayton's Bluff Methodist church, read the marriage service. Miss Elizabeth Morton played the wedding music.

The bride was attended by her sister, Miss Nellie Morton, and Mr. George Morton was the best man. The bride was gowned in white lustrous silk made over taffeta and prettily trimmed with lace. She carried no bouquet. Miss Morton's gown was a white lustrous silk, lace trimmed.

A reception followed the ceremony and during the receiving hours an orchestra played a program of music.

The flowers used about the rooms carried out a color scheme of pink and green, a huge bouquet of pink carnations making a centerpiece for the dining table and broad bands of pink ribbon being drawn diagonally across the table. The caldabra were also pink.

Miss Helen Dempsey served at the punch bowl, the ices were served by Mrs. Cruden and Mrs. Thomas Quinlan poured the coffee. Assisting about the rooms were Miss Snyder, Miss Jessie Swartz and Miss Ida Crogan.—St. Paul Daily News.

A gentleman who was unable to go to Oregon with the other parties to take up a claim, would like to join another party early in April. Refer to THE DISPATCH.

## ONE DEATH QUICKLY FOLLOWS ANOTHER

Death of Mrs. F. J. Hagadorn, of Rabbit Lake, Occurred Yesterday Afternoon

## DIPHTHERIA WAS THE CAUSE

Violet, Daughter of the Deceased, Died of Diphtheria on Saturday, March 11.

An unusually sad death occurred yesterday afternoon at 1:30 o'clock when the life of Mrs. F. J. Hagadorn, of Rabbit Lake, went out, sad because the death of the mother follows so soon after the death of her little seven year old daughter, Violet, which occurred on Saturday, March 11. Both the child and the mother died of diphtheria.

The little girl was sick but a few days before her death and the mother was not taken down until after the child had died and was laid to rest. The blow is a severe one to Mr. Hagadorn and he is nearly crazed with grief over the affair. He has one little daughter still living and she has shown no signs of having contracted the contagion. The funeral was held this afternoon over the remains of Mrs. Hagadorn at their Rabbit Lake home.

The Northern Pacific will sell tickets to Minneapolis and return for a fare and one-third, sale March 26 and 27, account the grand opera season. Tickets good returning March 29.

## PRETTY HOME WEDDING

Miss Maude A. Evans United in Marriage Last Night to Mr. John T. Roderick of South Dakota

There was a very pretty home wedding last night in East Brainerd when Miss Maude A. Evans, the grand daughter of Rev. and Mrs. Andrew Mead, well known and respected residents of the city, was united in marriage to Mr. John T. Roderick, of Ramona, S. D. The wedding ceremony was the more interesting from the fact that the Rev. Mr. Mead officiated himself.

The home was beautifully decorated for the occasion, the prevailing colors being pink, white and red, the decorations being studied here and there with varied colored candles, which made a very pretty color effect throughout the house.

The wedding ceremony was performed in the west parlor under an archway of potted plants and other decorations. At 8 o'clock Miss Nellie Halladay, who presided at the organ opened the strains of Mendelschen's wedding march and the first to appear in line in the wedding party was Elder Mead and his estimable wife. The elder took his position in the bay window and awaited the coming of the bride. Miss Fillie Kelehan was maid of honor and marched slowly toward the window and she was followed closely by Mr. Orville Roderick and Miss Finnis Roderick, who were also attendants. Then followed the groom with his best man, Mr. Wilmer Evans, and they took their positions in the circle. Then came the bride alone and she was met by the groom and escorted to the position at the bay window where the simple but impressive service of the Seventh Day Adventist church was read.

The young couple turned and received the congratulations of the guests present, numbering about twenty-five, most of them relatives and intimate neighbors.

The bride was handsomely gowned in a dress of white crepe de chene over white taffeta and carried a bouquet of white roses.

Following the wedding ceremony a sumptuous supper was served in the dining room and the table presented a very beautiful appearance. The center pieces consisted of groups of potted plants surmounted by stringers which hung over each end of the table.

The bride is one the most popular young ladies of East Brainerd, of a charming disposition and has a large number of friends. The groom is a son of Mr. and Mrs. J. E. Roderick well known residents of Maple Grove township. He lives in South Dakota where he has prospered as a farmer.

## MUSIC AND DRAMA.

SEAT SALE OPENS TOMORROW.

The sale of seats begins tomorrow at 10 o'clock at H. P. Dunn & Co.'s for Paul Gilmore's engagement at the Brainerd opera house Monday night in "The Mummy and the Humming Bird." The play is one that appeals strongly to the feminine mind, and therefore it is certain that the ladies will patronize it liberally. It deserves to be placed in the small list of exceptionally good dramatic performances to be presented before American audiences this season. No one can witness it and leave the theatre disappointed. It satisfies, interests, and holds the attention at all times. It was a success all throughout this country last season, and is now being presented by Mr. Gilmore for the last time in America, and if the writer's judgment were needed he would predict that it will prove one of the big theatrical hits of local amusement history. There is a novelty in the plot, keenness in the lines, and it has a story which one likes to discuss and consider afterward on account of the cleverness with which the author has presented it. The auditor takes to the play immediately, for every character has a strong scene at some time during the four acts, and to the credit of M. Gilmore and his supporting company, it is said that every opportunity is taken advantage of to deliver the meanings of the author to the utmost satisfaction of the auditor.

## DON'T BE SATISFIED

Why Be Content With Relief When a Brainerd Woman Shows You the Cure.

Don't be satisfied with relief; brief freedom from backache. Reach the root of the trouble. Cure the cause and backache disappears for good. It can be done. Doan's Kidney Pills make lasting cures. Experiences of Brainerd people prove this. Here's one Brainerd case of it:

Mrs. S. Brain, of 610 S. 10th St., Brainerd, Minn., says: "I could not do better than endorse Doan's Kidney Pills, and time and again I have recommended them to persons suffering from kidney trouble. I learned the value of this remedy through experience. When I first got Doan's Kidney Pills at H. P. Dunn & Co.'s drug store I was suffering from severe symptoms of kidney complaint. There was a constant dull aching in my back and the kidney secretions were irregular and distressing. From both these causes my rest was broken at night and in the morning I was usually languid and all tired out. Doan's Kidney Pills made a great change in my condition and after continuing the treatment I was so vastly improved that I felt warranted in recommending this remedy through the local papers. I have never changed my mind about Doan's Kidney Pills and have also found that Doan's Ointment is unequalled for itching and bleeding hemorrhoids. Both these preparations should be known to every sufferer."

## YOUNG CLARK IS NOT HEARD FROM

Auditors' Are Still Working on the Books but Have Nothing to Give Out

## LEFT MANY DEBTS IN BRAINERD

Shortage it is Reported Will be Something Over Two Hundred Dollars

Nothing has been heard of George Clark, the missing ticket agent of the Northern Pacific, who skipped out night before last on the midnight train, and there is little more information to be given out since yesterday afternoon. The auditors for the company are still at work on the books and it is reported there is a shortage of something over \$200.

Not only are the affairs in the ticket office in bad shape but it is understood that young Clark's absence is mourned by a large number of creditors in the city, he having contracted an indebtedness while here of from three to five hundred dollars.

Clark was bonded in the National Surety company and it is understood that a thorough search has been instituted and he is likely to be apprehended at once.

Choice, well furnished rooms with or without board at the National hotel.

## Mr. Tighe Protests.

EDITORS DISPATCH:

The hysterical and sensational article in The Dispatch about my attitude toward Mr. Frater's bill, Senate File 289, bears little relation to the true facts. I told Mr. Frater that I thought the water works company was entitled to a hearing on the bill, that it was one of the largest tax payers in Brainerd, and that it had the same right to express its opinion as to the merits of a measure which contemplated a large expenditure by the city as any other tax payer had. This may seem presumptuous to the Dispatch, but Mr. Frater, with his usual courtesy, agreed that it was fair, and at his suggestion I submitted in writing on the company's behalf, some amendments for his consideration. He has since notified me that my ideas were not agreeable to some other tax payers at Brainerd, and that he would follow their views rather than mine. His statement of this decision was made in an exceedingly pleasant way and with none of the brusqueness which the article in the Dispatch implies. There was no hint in what he said of anything hostile, or of anything more serious than a difference of opinion.

At this point the matter was dropped. The water company has not the remotest intention of opposing the enactment of Mr. Frater's bill into a law. Very probably it could not prevent it if it tried, but it will not try. On the contrary it will do all it can to co-operate with the city in solving this vexing problem. I personally have been acquainted with the people of Brainerd for more than seventeen years and have nothing but the kindest of feelings for them. They have always treated me more than square and I should be ungrateful beyond apology if I did not appreciate what they have done. I respectfully protest against being put, by what the Dispatch is writing, in a position which I should not take and do not propose to take.

Truly yours,

AMBRUSE TIGHE.

## MORTON-MUESSEL

Former Well Known Brainerd Girl Married at St. Paul--Daughter of Engineer

J. A. Morton.

The marriage of Miss Louise Catherine Morton, daughter of Mr. and Mrs. J. A. Morton, and Mr. Gustave A. Muesel took place Tuesday evening at the bride's home, Case street.

Rev. A. L. Koenke, pastor of Dayton's Bluff Methodist church, read the marriage service. Miss Elizabeth Morton played the wedding music.

The bride was attended by her sister, Miss Nellie Morton, and Mr. George Morton was the best man. The bride was gowned in white lustrous silk made over taffeta and prettily trimmed with lace. She carried no bouquet. Miss Morton's gown was a white lustrous silk, lace trimmed.

A reception followed the ceremony and during the receiving hours an orchestra played a program of music.

The flowers used about the rooms carried out a color scheme of pink and green, a huge bouquet of pink carnations making a centerpiece for the dining table and broad bands of pink ribbon being drawn diagonally across the table. The caldrelabra were also pink.

Miss Helen Dempsey served at the punch bowl, the ices were served by Mrs. Cruden and Mrs. Thomas Quinlan poured the coffee. Assisting about the rooms were Miss Snyder, Miss Jessie Swartz and Miss Ida Crogan.—St. Paul Daily News.

A gentleman who was unable to go to Oregon with the other parties to take up a claim, would like to join another party early in April. Refer to THE DISPATCH.

## ONE DEATH QUICKLY FOLLOWS ANOTHER

Death of Mrs. F. J. Hagadorn, of Rabbit Lake, Occurred Yesterday Afternoon

## DIPHTHERIA WAS THE CAUSE

Violet, Daughter of the Deceased, Died of Diphtheria on Saturday, March 11.

An unusually sad death occurred yesterday afternoon at 1:30 o'clock when the life of Mrs. F. J. Hagadorn, of Rabbit Lake, went out, sad because the death of the mother follows so soon after the death of her little seven year old daughter, Violet, which occurred on Saturday, March 11. Both the child and the mother died of diphtheria.

The little girl was sick but a few days before her death and the mother was not taken down until after the child had died and was laid to rest. The blow is a severe one to Mr. Hagadorn and he is nearly crazed with grief over the affair. He has one little daughter still living and she has shown no signs of having contracted the contagion. The funeral was held this afternoon over the remains of Mrs. Hagadorn at their Rabbit Lake home.

## PRETTY HOME WEDDING

Miss Maude A. Evans United in Marriage Last Night to Mr. John T. Roderick of South Dakota

There was a very pretty home wedding last night in East Brainerd when Miss Maude A. Evans, the grand daughter of Rev. and Mrs. Andrew Mead, well known and respected residents of the city, was united in marriage to Mr. John T. Roderick, of Ramona, S. D. The wedding ceremony was the more interesting from the fact that the Rev. Mr. Mead officiated himself.

The home was beautifully decorated for the occasion, the prevailing colors being pink, white and red, the decorations being studded here and there with varied colored candles, which made a very pretty color effect throughout the house.

The wedding ceremony was performed in the west parlor under an archway of potted plants and other decorations. At 8 o'clock Miss Nellie Halladay, who presided at the organ opened the strains of Mendelschen's wedding march and the first to appear in line in the wedding party was Elder Mead and his estimable wife. The elder took his position in the bay window and awaited the coming of the bride. Miss Phillie Kelehan was maid of honor and marched slowly toward the window and she was followed closely by Mr. Orville Roderick and Miss Fennis Roderick, who were also attendants. Then followed the groom with his best man, Mr. Wilmer Evans, and they took their positions in the circle. Then came the bride alone and she was met by the groom and escorted to the position at the bay window where the simple but impressive service of the Seventh Day Adventist church was read.

The young couple turned and received the congratulations of the guests present, numbering about twenty-five, most of them relatives and intimate neighbors.

The bride was handsomely gowned in a dress of white crepe de chene over white taffeta and carried a bouquet of white roses.

Following the wedding ceremony a sumptuous supper was served in the dining room and the table presented a very beautiful appearance. The center pieces consisted of groups of potted plants surmounted by stringers which reached from the chandeliers which hung over each end of the table.

The bride is one of the most popular young ladies of East Brainerd, of a charming disposition and has a large number of friends. The groom is a son of Mr. and Mrs. J. E. Roderick well known residents of Maple Grove township. He lives in South Dakota where he has prospered as a farmer.

## MUSIC AND DRAMA.

SEAT SALE OPENS TOMORROW.

The sale of seats begins tomorrow at 10 o'clock at H. P. Dunn & Co.'s for Paul Gilmore's engagement at the Brainerd opera house Monday night in "The Mummy and the Humming Bird." The play is one that appeals strongly to the feminine mind, and therefore it is certain that the ladies will patronize it liberally. It deserves to be placed in the small list of exceptionally good dramatic performances to be presented before American audiences this season. No one can witness it and leave the theatre disappointed. It satisfies, interests, and holds the attention at all times. It was a success all throughout this country last season, and is now being presented by Mr. Gilmore for the last time in America, and if the writer's judgment were needed he would predict that it will prove one of the big theatrical hits of local amusement history. There is a novelty in the plot, keenness in the lines, and it has a story which one likes to discuss and consider afterward on account of the cleverness with which the author has presented it. The auditor takes to the play immediately, for every character has a strong scene at some time during the four acts, and to the credit of M. Gilmore and his supporting company, it is said that every opportunity is taken advantage of to deliver the meanings of the author to the utmost satisfaction of the auditor.

## DON'T BE SATISFIED

Why Be Content With Relief When a Brainerd Woman Shows You the Cure.

Don't be satisfied with relief; find freedom from backache. Reach the root of the trouble. Cure the cause and backache disappears for good. It can be done. Doan's Kidney Pills make lasting cures. Experiences of Brainerd people prove this. Here's one Brainerd case of it:

Mrs. S. Brain, of 610 S. 10th St., Brainerd, Minn., says: "I could not do otherwise than endorse Doan's Kidney Pills, and time and again I have recommended them to persons suffering from kidney trouble. I learned the value of this remedy through experience. When I first got Doan's Kidney Pills at H. P. Dunn & Co.'s drug store I was suffering from severe symptoms of kidney complaint. There was a constant dull aching in my back and the kidney secretions were irregular and distressing. From both these causes my rest was broken at night and in the morning I was usually languid and all tired out. Doan's Kidney Pills made a great change in my condition and after continuing the treatment I was so vastly improved that I felt warranted in recommending this remedy through the local papers. I have never changed my mind about Doan's Kidney Pills and have also found that Doan's Ointment is unequalled for itching and bleeding hemorrhoids. Both these preparations should be known to every sufferer."

Sold for 50 cents a box by H. P. Dunn & Co., and all druggists. Foster Milburn Co., Buffalo, N. Y., sole agents for the U. S.

## CODY LOSES HIS CASE

FAMOUS PLAINSMAN DENIED DIVORCE BY DISTRICT COURT AT SHERIDAN, WYO.

## ACCUSATION NOT SUSTAINED

JUDGE EXONERATES MRS. CODY OF CHARGE OF TRYING TO POISON HUSBAND.

Sheridan, Wyo., March 24.—The district court here during the day refused the petition of Colonel William F. Cody (Buffalo Bill) for a divorce. A decision in the case was not expected so soon. The courtroom was crowded. After the reading of the depositions was finished, the lawyers for both sides announced that they would submit the case without argument.

After a short recess, Judge R. H. Scott asked the attorneys for the defendant, Wilcox and Halligan of North Platte, Neb., to amend their answer in the case by striking out the sections which dealt with charges against Bessie Isbell, Cody's conduct in Chicago and his early excesses at Fort McPherson. When this was done, the court found entirely in favor of the defendant, Mrs. Louisa Cody.

Judge Scott delivered an opinion of considerable length, reviewing the allegations and evidence and giving his conclusions.

"The law of the state does not make incompatibility a ground for divorce, but it does read that extreme cruelty rendering the condition of either party to the marriage contract intolerable is sufficient grounds to allow the granting of a divorce," said Judge Scott.

## Poison Charge Not Sustained.

"The first cause of action in this case is the charge of poisoning on Dec. 26, 1900, or some time prior thereto. The evidence wholly fails to support this issue but shows the defendant was trying to rescue the plaintiff from a state of intoxication and administered not poison, but remedies, which she deemed beneficial to him. His inability to speak on this occasion did not come from these remedies, but came from his excessive use of intoxicating liquors at the banquet board and was as humiliating to the defendant as to the plaintiff."

Judge Scott also found that the charge of unbecoming actions on the part of the defendant towards the colonel's guests was not proven, that there was no evidence that she had even threatened her husband's life.

"In return for her wifely devotion the plaintiff has been cruel to her and heaped indignities upon her," said the judge, who also said Cody was not so addicted to gambling or the use of intoxicants as to make him unfit to transact business.

An exception to the ruling of the court was noted by Judge H. S. Ridgley, attorney for Cody, and his request for sixty days for filing a petition for a rehearing was granted.

The motion for a new trial will be argued at the next term of court and in case this is denied it is understood that Colonel Cody's attorneys will take the matter to the supreme court of Wyoming.

## MICHIGAN MAN NAMED.

Truman H. Newberry Appointed Assistant Secretary of the Navy.

Washington, March 24.—President Roosevelt has tendered the offer of assistant secretary of the navy to Truman H. Newberry of Detroit, Mich., and the proffer has been accepted.

Mr. Newberry is a prominent business man of Detroit. He will succeed Charles H. Darling of Vermont, who some time ago tendered his resignation to the president to be accepted at the president's convenience. Mr. Darling will be appointed collector of the port of Burlington and will devote his attention to the duties of that office and to the practice of law.

The appointment of Mr. Newberry as assistant secretary of the navy led to the rumor that he was to succeed Secretary Morton at the head of the navy department and that Mr. Morton was to succeed Judge Taft as secretary of war and that Judge Taft was to be transferred to the department of state as the successor of Secretary Hay. There is the highest authority for the statement that no present change in the cabinet is probable.

## REGARDING OIL LEGISLATION.

Standard Oil Attorney Confers With Governor of Kansas.

Topeka, Kan., March 24.—General Counsel Eddy of the Standard Oil company conferred with Governor Hoch during the day regarding oil legislation in this state. Mr. Eddy asked that no receivership proceedings be started against the Prairie Oil and Gas company until the outer case against the same company, now in the supreme court, be decided. Mr. Eddy said the Standard would show evidence in its favor during the hearing of the outer case.

## PLAGUE RAVAGES IN INDIA.

British Scientific Expedition to Investigate Causes.

London, March 24.—Replying to questions in the house of commons Mr. Brodrick, secretary of state for India, said that the latest figures on the plague in India showed that for the four weeks ending Feb. 28 in the Bombay presidency there were 13,475 deaths, and that for the four weeks ending March 11 in the rest of India there were 123,556 deaths. The total number of deaths from the plague in the Bombay presidency from Jan. 1 to Feb. 28 were 28,721 and in the rest of India from Jan. 1 to March 11, 318,178. Mr. Brodrick said he had communicated with the viceroy of India looking to a remedy for this deplorable loss of life and that it had been decided to send out a scientific expedition to investigate the causes. The expedition will start immediately.

## ROSSEAU PLACED ON TRIAL.

## WHITEMAN WINS OUT

JURY DECIDES FORMER MINNESOTA IS NOT GUILTY OF GRAND LARCENY.

Buffalo, N. Y., March 24.—Alonzo J. Whiteman of Dansville, N. Y., a former member of the Minnesota legislature, at night was acquitted on a charge of grand larceny. There still are five indictments against Whiteman on charges of grand larceny (three counts), forgery and attempted larceny. All these charges are based upon the transaction involved in the trial just ended.

It is charged that Whiteman secured \$2,000 on an alleged fraudulent draft for \$9,000 deposited with the Fidelity Trust company of Buffalo. Joseph Boothman, an Englishman, who is under indictment in connection with the same transaction, was the principal witness for the prosecution. The defense sought to prove an alibi for Whiteman and called witnesses to establish the fact that the draft was indorsed by Boothman and that the money was withdrawn from the bank by a third party. Whiteman made an indirect appeal to the sympathies of the jury by relating on the stand a story of alleged persecution by a private detective agency.

## TWELVE WITNESSES TESTIFY.

Rapid Progress Made in Beef Trust Investigation at Chicago.

Chicago, March 24.—Twelve out of town witnesses, supposed to be men employed by various packing firms and retail meat dealers, have thus far testified before the special grand jury, which is hearing evidence against the so-called beef trust. Although the censorship against any publicity of what transpires in the juryroom is as strict as on the first day of the investigation and witnesses have been so thoroughly coached that they refuse to make their names public, it was learned that during almost all of the day's session District Attorney C. B. Morrison sought evidence concerning the price retail dealers in meat were forced to pay the packers and the prices some of the packing concerns have been paying the cattle raisers for beef on the hoof.

The three most important witnesses before the jury along this line were R. C. Howe, general manager for Armour & Co. at Omaha, T. W. Kelly, retail meat dealer at Cedar Rapids, Ia., and Robert Hall, in the same business at Kansas City. Kelly and Hall will give further evidence.

The day's session of the hearing proved more satisfactory to the government officials, because the form of questioning the witnesses was changed and work was accordingly carried on more rapidly.

Swamped with names of would-be witnesses for the inquiry, District Attorney Morrison has announced that if twenty-five or fifty witnesses give evidence sufficient for indictment the investigation will close with their testimony.

## Lands for Chippewa Indians.

White Earth, Minn., March 24.—Simon Michel, United States Indian agent, will commence the allotment of additional land to the members of the Minnesota band of Chippewas on the White Earth reservation April 24. The land will be allotted under the Stearnson additional allotment bill.

## Bryan Elected President.

Lincoln, Neb., March 24.—W. J. Bryan was elected president of the Nebraska Democratic Editorial association during the day. Mr. Bryan made an address in which he said the present outlook for the Democratic party was the most encouraging for years.

## AGAINST AN INCREASE

HOUSE MEMBERS KILL A PROPOSITION TO RAISE SALARIES OF LEGISLATORS.

CHARGES OF SHARP PRACTICE ON A MEASURE ARE MADE IN THE SENATE.

St. Paul, March 24.—The house Thursday refused to pass Sherman S. Smith's bill to increase the salaries of senators and representatives to \$1,000 for the term of two years.

The salary paid now is \$5 per day and the members are paid about 100 days, including Sundays. Representative Smith's idea was to make a straight salary and thus cut down the tendency to prolong the session.

The bill was first defeated by a vote of 51 ayes to 56 noes and then reconsidered and placed back on the calendar by a vote of 61 to 48.

That the members felt their successors were entitled to a raise was evident, but they seemed reluctant to vote for it.

Saloons must be closed during the whole of Memorial day, under a bill offered in the house by O. E. Hogue.

The law governing this holiday is also further amended to prohibit all kinds of noisy amusements within one-half mile of a Memorial day meeting.

Under a bill offered by John Saari of St. Louis county the public examiner is empowered to inspect the public books of any village, city, township or school district, when he thinks it necessary. For the work he may collect a fee of \$200 from cities of the 5,000 class, \$300 from those of the 20,000 class, \$500 from cities of the 50,000, and \$800 from cities over 50,000.

## May Pay Municipal Officers.

Cities of 10,000 population or less, may pay the mayor and councilmen a salary of \$100 per annum, under a bill offered by M. J. O'Laughlin. The salary question must first be submitted to the voters, however.

The house committee on general legislation recommended for passage the Perley bill divorcing the state university and the state normal schools from the jurisdiction of the state board of control.

The Perley bill, as originally drawn, was amended by its author to permit the board of control to have supervision of new buildings, to care for the insurance and to purchase coal for the educational institutions.

A suggestion by S. W. Leavitt of the board of control, that his board retain its authority for the preparation of plans for new buildings was accepted by Mr. Perley.

Among the house bills passed are: H. F. No. 518—Requiring halls and theaters to be furnished with asbestos or other incombustible curtains. No. lan. W. A.

H. F. No. 355—To regulate the payment of wages to minors and prevent the retention of any part thereof by the employer. Selt.

H. F. No. 18.—To establish a branch school of agriculture at Crookston, as a department of the University of Minnesota. Pennett.

## CODY LOSES HIS CASE

FAMOUS PLAINSMAN DENIED DIVORCE BY DISTRICT COURT AT SHERIDAN, WYO.

ACCUSATION NOT SUSTAINED

JUDGE EXONERATES MRS. CODY OF CHARGE OF TRYING TO POISON HUSBAND.

Sheridan, Wyo., March 24.—The district court here during the day refused the petition of Colonel William F. Cody (Buffalo Bill) for a divorce.

A decision in the case was not expected so soon. The courtroom was crowded. After the reading of the depositions was finished, the lawyers for both sides announced that they would submit the case without argument.

After a short recess, Judge R. H. Scott asked the attorneys for the defendant, Wilcox and Halligan of North Platte, Neb., to amend their answer in the case by striking out the sections which dealt with charges against Bessie Isbell, Cody's conduct in Chicago and his early excesses at Fort McPherson. When this was done, the court found entirely in favor of the defendant, Mrs. Louisa Cody.

Judge Scott delivered an opinion of considerable length, reviewing the allegations and evidence and giving his conclusions.

"The law of the state does not make incompatibility a ground for divorce, but it does read that extreme cruelty rendering the condition of either party to the marriage contract intolerable is sufficient grounds to allow the granting of a divorce," said Judge Scott.

Poison Charge Not Sustained.

"The first cause of action in this case is the charge of poisoning on Dec. 26, 1900, or some time prior thereto. The evidence wholly fails to support this issue but shows the defendant was trying to rescue the plaintiff from a state of intoxication and administered not poison, but remedies, which she deemed beneficial to him. His inability to speak on this occasion did not come from these remedies, but came from his excessive use of intoxicating liquors at the banquet board and was as humiliating to the defendant as to the plaintiff."

Judge Scott also found that the charge of unbecoming actions on the part of the defendant towards the colonel's guests was not proven, that there was no evidence that she had even threatened her husband's life.

"In return for her wifely devotion the plaintiff has been cruel to her and heaped indignities upon her," said the judge, who also said Cody was not so addicted to gambling or the use of intoxicants as to make him unfit to transact business.

An exception to the ruling of the court was noted by Judge H. S. Ridgely, attorney for Cody, and his request for sixty days for filing a petition for a rehearing was granted.

The motion for a new trial will be argued at the next term of court and in case this is denied it is understood that Colonel Cody's attorneys will take the matter to the supreme court of Wyoming.

MICHIGAN MAN NAMED.

Truman H. Newberry Appointed Assistant Secretary of the Navy.

Washington, March 24.—President Roosevelt has tendered the offer of assistant secretary of the navy to Truman H. Newberry of Detroit, Mich., and the proffer has been accepted.

Mr. Newberry is a prominent business man of Detroit. He will succeed Charles H. Darling of Vermont, who some time ago tendered his resignation to the president to be accepted at the president's convenience. Mr. Darling will be appointed collector of the port of Burlington and will devote his attention to the duties of that office and to the practice of law.

The appointment of Mr. Newberry as assistant secretary of the navy led to the rumor that he was to succeed Secretary Morton at the head of the navy department and that Mr. Morton was to succeed Judge Taft as secretary of war and that Judge Taft was to be transferred to the department of state as the successor of Secretary Hay. There is the highest authority for the statement that no present change in the cabinet is probable.

REGARDING OIL LEGISLATION.

Standard Oil Attorney Confers With Governor of Kansas.

Topeka, Kan., March 24.—General Counsel Eddy of the Standard Oil company conferred with Governor Hoch during the day regarding oil legislation in this state. Mr. Eddy asked that no receivership proceedings be started against the Prairie Oil and Gas company until the ouster case against the same company, now in the supreme court, be decided. Mr. Eddy said the Standard would show evidence in its favor during the hearing of the ouster case.
